

Affordable Dental Care Resources in Richmond

If you are in need of dental care but cannot afford it, the city of Richmond offers several dental programs to help you access the care you need. The following programs are designed to provide no-cost or low-cost dental services to toddlers, children, and adults in Richmond.

1. Toddler Dental Clinic:

- Offered to children from birth to age 5.
- Services include risk assessment, dental screening, fluoride treatment, counselling, and referral.
- Contact: Richmond Public Health, 8100 Granville Ave., Richmond, BC

2. Children's Dental Treatment Clinic:

- Offered to children between the ages of 5-12 years old.
- All dental needs are met once-in-a-lifetime.
- Services provided at the UBC Faculty of Dentistry.

Cost: All services are provided at no cost.

Self-referrals are accepted

We hope this information helps you find the dental care you need. If you have any questions or need further assistance, please contact Lisa Enns at lisa.enns@vch.ca
